Change modification

1. Classification of proposal by applicant

SORA

Minor Change (e.g. editorial change, change in company registration)

Major Change (e.g. change to procedures or checklists)

Standard Scenario/PDRA

Deviation to current Standard Scenario/PDRA¹

Change to current Standard Scenario/PDRA

For significant changes, a new SORA/Standard Scenario application must be filled out

2. Planned starting date of changed operation:

¹ A deviation is a proposal for an operation outside of the prescribed limits of a Standard Scenario/PDRA. The applicant shall demonstrate an equivalent level of safety of the original scenario.

3. Detailed description of the modification

4. For SORA the change affects:

- Ground Risk Evaluation (intrinsic and/or final)
- Initial Air Risk Class
- Strategic Mitigation for Residual ARC
- Tactical Mitigation Performance Requirement
- SAIL Determination
- Operational Safety Objectives
- Adjacent Area/Airspace Considerations
- Other

5. List of amended documents:

For SORAs and PDRAs, please send an updated Master Data List together with this Notice of Modification (NoM)
